

Farm Rug (actual size is 3ftX4ft).

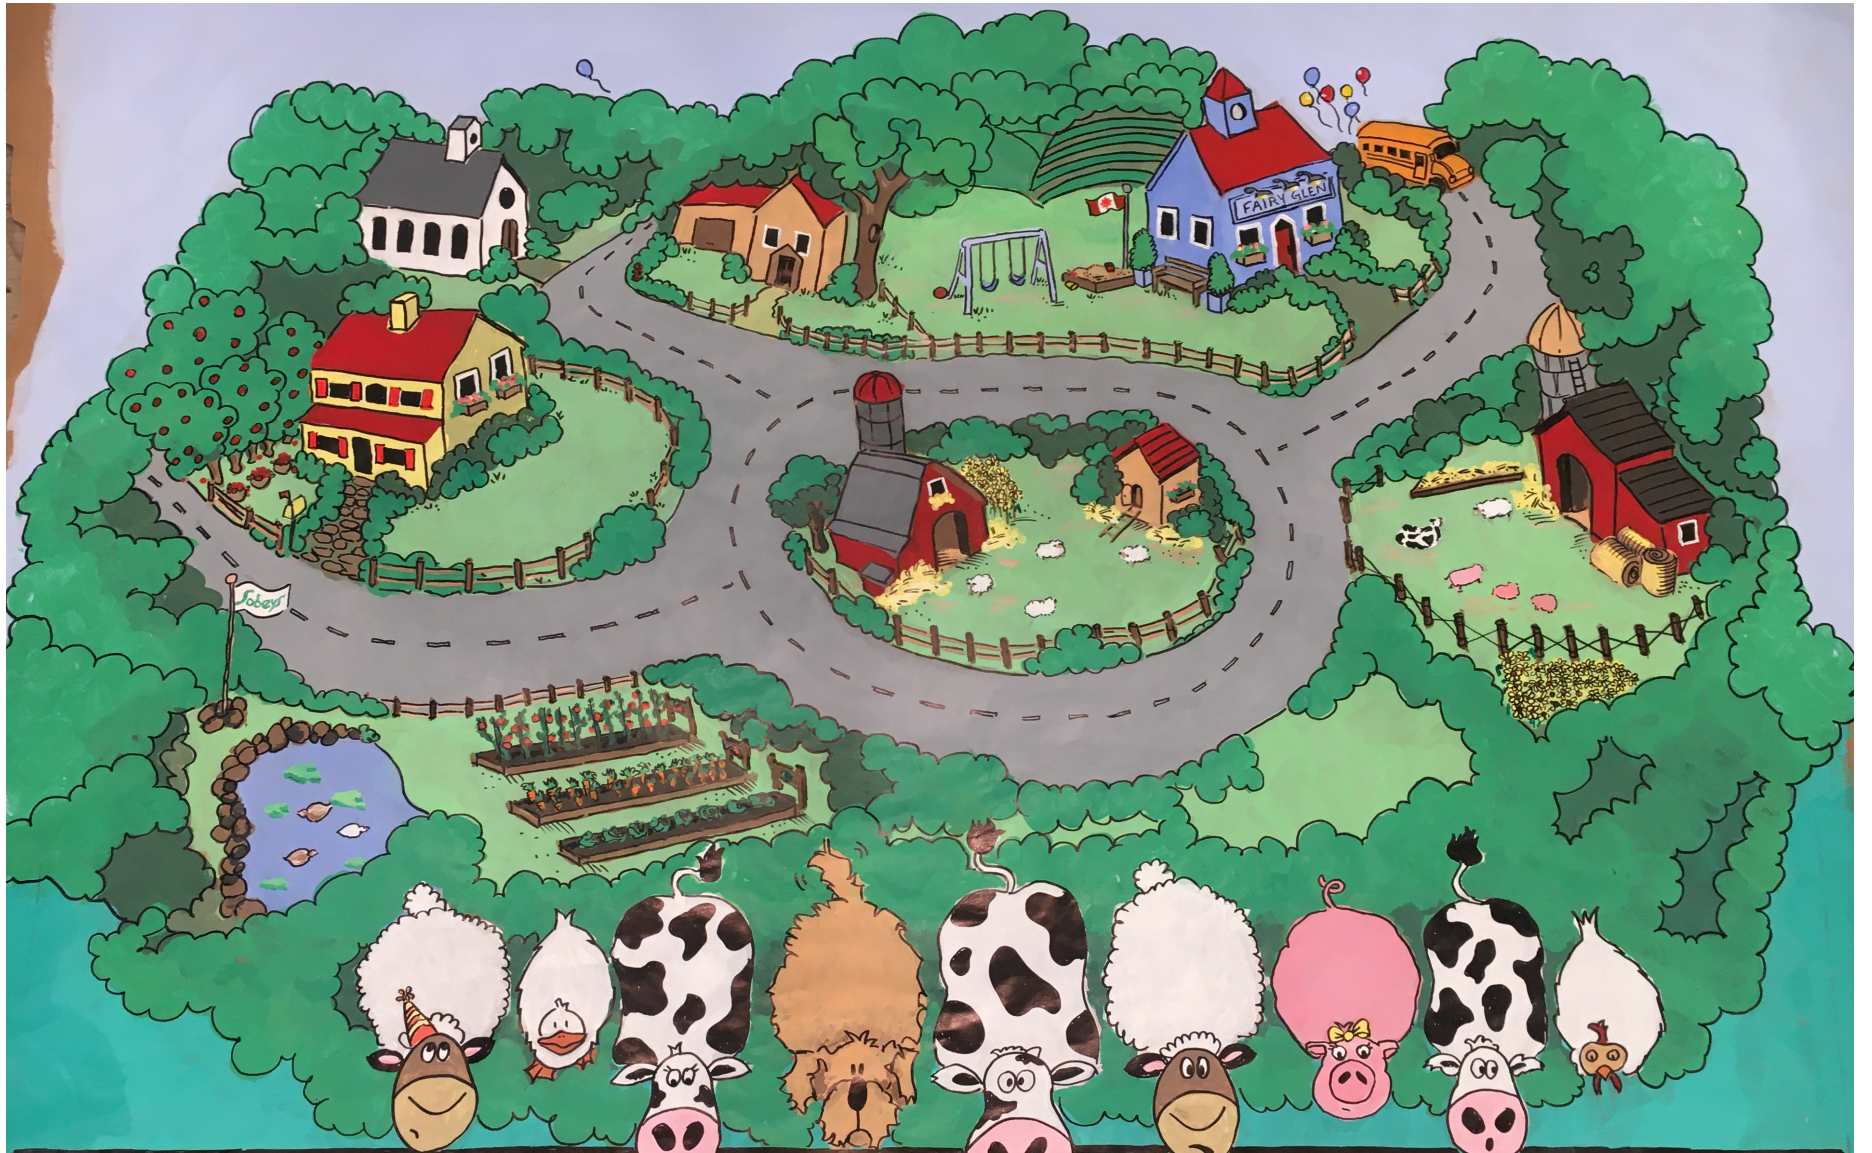

- **Fostering early language, literacy and math skills**

Here's how to use the big farm rug

1. **Make up a story...** Once upon a time all the farm animals decided to climb the big hill beside the vegetable garden. When they got to the top of the hill they each had something to say. The sheep said...
2. **Play I spy...** I spy with my little eye, I see a red ball...
3. **Play counting games...** How many cows can you count?

P.S. when the children return to school the actual 'rug' (to touch and play with) will be in their class. We will continue to use it to foster early language, literacy and math skills!
